As a Redken educator for over 20 + years, Dhaniel has appeared at top trade shows and seminars around the country and as far away as South Africa, New Zealand, Taiwan, Sweden and Italy. Equally talented in the mastery of Redken's Business Principles to "earn better, live better" as he is grounded in the Principle Based Haircolor concepts, Dhaniel's versatility provides his students the ultimate learning experience. In addition to his role as an Exchange Facilitator, he is one of the senior evaluators for Redken's Certified Haircolorist Program.

Dhaniel Doud shares tomorrow's trends with salon professionals incorporating his contemporary philosophy of "ON PURPOSE" coloring techniques. Taking his inspiration from "the street," he believes that the essential foundation of all superior color results starts with the principle of face and head shape, while working with growth patterns. With this as his blank canvas, he then incorporates formula and application methods to ensure a cutting-edge individual result for each client.

Dhaniel's work has been featured on the pages of *Teen People*, *YM*, *Allure*, *American Salon* and *Modern Salon*, and has been seen on television for the MTV Video Music Awards, Billboard Awards and Soul Train Awards.
